Dear Ambassador

**Osanloo Kidnapping**

I am writing to request that you convey to your government the profound concerns that we, the GMB have as to the abduction of Mansour Osanloo on the 10<sup>th</sup> July 2007. The President of Vahed Bus Worker's from Tehran was kidnapped by unknown attackers as he was boarding a company bus. Witnesses stated that he was severely beaten as he was taken away. Although his family and friends do not know the identity of his kidnappers, they do believe that his abduction was ordered by the Labour Minister.

We demand the assured safety of Mr Osanloo and urge that he be released immediately.

Yours sincerely

**Joni McDougall**  
**International Solidarity Officer**
